RE: **Pre-Calculus Prep** (intended for students that have completed Algebra II and are entering Pre-Cal)

FROM: Allison Daniel, Math Instructional Dean, Ronald Reagan High School

Ronald Reagan High School will offer a one week Pre-Calculus Prep for interested students the week of **August 9th through August 13th** from 8:30 a.m. - 11:30 a.m. All review materials will be furnished. Students need to bring a pencil and paper for notes. Mrs. Jennifer Jennings will teach this review in VT257. The cost for this one week review is \$45.00.

This course has proven to be an excellent opportunity for students to review their Algebra II skills before starting their year in Pre-Calculus.

To register for the Pre-Calculus Prep, please fill out the attached registration form and return to the REAGAN HIGH SCHOOL MAIN OFFICE with a CASHIER'S CHECK or MONEY ORDER made payable to RRHS MATH DEPT (personal checks will NOT be accepted). Sessions are filled on a first-come first-served basis.

Please keep this letter for your own reference and reminder of the date and session for which you registered. There will be no reminder sent to you through the mail before the review.
