

Are you ready for Algebra II?

The Churchill Math Department is pleased to announce that Churchill High School will once again offer a week-long algebra review course. The course is geared for those students who feel a need to refresh their algebra skills prior to enrolling in Algebra II, Algebra II Pre-AP, or G/T Algebra II. This review course is also highly recommended for those students who made an Algebra I grade lower than 80.

~You do not need to attend Churchill HS to participate in this course~
