Dear Patrons,

Welcome to the North East Athletic Department website. We are excited about the prospects for this year. You can keep up with schedules, team results and other interesting information about North East athletes by using our website. You will also have access to important information in the links provided.

We are very proud of our past success in athletics and we are also looking to the future. We welcome new students who move in from outside our school district as well as those who are participating for the first time in North East schools. Our schools are members of the University Interscholastic League of Texas and our athletic programs begin at the 7th grade. When students reach the 9th grade level we offer opportunities in all U.I.L. sports. Our coaches are committed to the students and they provide the expertise and leadership to train all students who have the ability and desire to excel in athletics.

We encourage parents to become involved in athletic booster clubs. Community and parent support is the link that energizes our students. On a personal note, I hope that you will choose to have your child in the North East athletic program. You will find that our schools and coaches are proud of the past and building for the future.

Jerry Comalander
Executive Director for Athletics
