

**NEW TRAFFIC PLAN**  
**Bulverde Creek Elementary**  
**BACK PARKING LOT**  
**Effective Monday, March 28, 2011**

Beginning Monday, March 28, there will be a new traffic plan for the **BACK** parking lot. The traffic plan in the front of the school will NOT CHANGE.

Please make note of the following CHANGES for the back parking lot:

- The drive along the back of the property is now two-way from Canyon Parkway to Bulverde Parkway. The drive from Bulverde Parkway to Canyon Parkway is two-way; however, cars must turn to the right and go through the student drop-off drive-thru lane to continue to Canyon Parkway.
- There will be a student drop-off drive-thru lane near the cross-walk/crossing guard.
- There is a designated drive for buses only.

The following will remain in effect for the back parking lot:

- Parking will still be available for parents who wish to park and walk their child into the school. For you and your child's safety, please use the designated cross-walk at all times.
- A crossing guard will be on duty from 7:10-7:40a.m.
- All students arriving at school after 7:40a.m. need to enter through the main doors at the front of the school. All other exterior doors will be locked at 7:40a.m.

The afternoon pick-up procedures for the back parking lot will not change. Parents may still pick up their children on the back porch by parking in the lot and using the cross-walk. The new drive-thru lane in the back parking lot will **ONLY** take place in the mornings before school starts; there will not be a drive-thru lane in the afternoons (except at the front of the school).

There will be extra staff on duty to direct traffic in the back parking lot  
in the mornings during the week of March 28-April 1.

***Again, the traffic plan for the front of the school will not be changing.***  
***These changes ONLY apply to the back parking lot.***

Please contact the office at Bulverde Creek (407-1000) if you have any questions.

Please see the attached map.
