

# DISMISSAL PROCEDURES

(Revised: Sept. 19, 2011)

- A. Cars will pull up to this point which is located at the end of the building by the outside dining tables, leaving space along the curb for the bike lane.
- B. Cars will stop lining up at this point and allow space for "flow-through" traffic (between B and C)
- C. Cars will begin "double line" at this point just as we have done in the past. Mr. Liserio will alternately signal cars to move forward from each side.
- D. 6 buses will line up in the front of the school (between D and E)
- E. Parent pick-ups for 3<sup>rd</sup>-5<sup>th</sup> grade will stop at E, which is represented by a white paint line on the driveway, leaving space along the curb for the bike lane and creating space for the buses to pull in. Once buses have departed, cars can pull up to the crosswalk for loading.
