WELCOME BACK FOXES

Welcome back to the 2010-2011 Academic Year. We are happy to be back working for your children. It has been an amazing beginning! We are proud to include Pre-Kinder children to our campus. Please take the time to welcome these new families. Once again our campus received "Recognized" status. This is no small feat, and we have our dedicated staff, our wonderful parents, and our children to thank for this recognition. THANK YOU, THANK YOU, THANK YOU! Your hard work has paid off.

RESEARCH BASED!

From the Journal of the American Medical Association: 1930 US children ages 1 month to 13 years participated in a 5 year study (1997 baseline—2002 follow-up). The study analyzed the relationship between nighttime sleep and weight gain/obesity. After 5 years, Getting less sleep at night predisposed under 5 age participants to significant weight gain/obesity 5 years later. 33% of younger kids and 36% of older kids were overweight or obese. Naps had no impact!

OUR FOCUS

Wellness: Fox Run Elementary is committed to the North East Wellness Mission. Our district mission is to "educate and motivate NEISD communities to dedicate themselves to the pursuit of a healthy lifestyle."

Attendance: Our campus staff will continue to strive for perfect attendance. This goes without saying, if your child is not in school, he/she is not learning. We need YOU to reach this goal! Be on Time!

Fiscal Responsibility: We continue to adapt to a difficult economy. Budget planning continues to be a priority for our district and we thank you for all your support and understanding.

Community Involvement: It is my personal goal this year to bring our community together and to extend our services beyond serving only the children at Fox Run. Parent Academy is here. Classes begin September 20! Join Us!

CHILDREN FIRST

"The pursuit of truth and beauty is a sphere of activity in which we are permitted to remain children all of our lives"

Albert Einstein

"There can be no keener revelation of a society's soul than the way in which it treats its children."
