Agreement of Understanding

We understand that acceptance into the magnet program involves a commitment to the school, adherence to the Student Code of Conduct, program specific rules, and participation in magnet program activities. Repeated or severe disciplinary offenses, failing grades, or poor attendance may result in student removal from the program. Students must respect all individuals and property belonging to fellow students, teachers, and the NEISD.

Students will be transported by a magnet shuttle bus from their neighborhood NEISD middle schools to Krueger Middle School and back. NOTE: The magnet shuttle bus may depart or arrive at a time that makes it impossible to ride on the student's neighborhood bus that would take them to and from the neighborhood middle school. Parents should make arrangements to drop off and pick up their student from their local middle school in time to access the magnet shuttle bus.
