

## Supply List for I.S.A. Sophomores 2009-2010

### To be donated to team (labeled) through English teacher:

- 2 boxes of tissues
- 1 roll paper towels
- girls - 1 box of regular markers; boys - 1 box of dry erase markers
- 2 glue sticks

### To be brought to class daily (label with your full name):

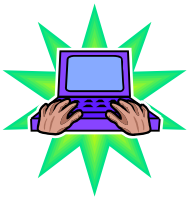

- A daily planner with space for assignments
- Chemistry: composition book and a folder
- English: binder with dividers (or space in a binder with other class work) and a composition book
- World History: separate binder with dividers
- Math: a binder (or a section of a binder) with dividers
- Notebook paper
- Pens and #2 pencils
- Highlighters
- Scientific or graphing calculator (If you are going to invest in a graphing calculator, we recommend purchasing a TI-84+ silver edition.)
- USB drive

### Recommended (to be kept at home for projects):

- Poster board and construction paper
- Markers
- Map pencils
- Glue/glue sticks
- Binders and folders
- Ruler
- Index cards

### Internet access

Throughout the year, many projects and assignments will require the use of the Internet and/or computers in general. Some teachers post daily homework reminders and project guidelines (with links to helpful sites) on the I.S.A. web site.

If you do not have a computer with Internet access at home, there are many computers on campus that are available for students to use. The I.S.A. computer lab is open daily before school, lunch, and after school. On weekends and evenings, access is available at any public library. Students who have Internet access at home will definitely use it.
