

Team 7K Titans: Integrated Unit #1

Discovery: Past, Present & Future

<i>Duration</i>	8/24/09-10/23/09	<i>Checkpoint #1</i>	
<i>Holidays</i>	9/07/09	<i>Checkpoint #2</i>	
<i>Progress Reports</i>	9/18, 10/9	<i>Symposium (Final Project)</i>	
<i>Report Cards</i>	10/30	<i>Field Trip</i>	Science Literacy Data Collection

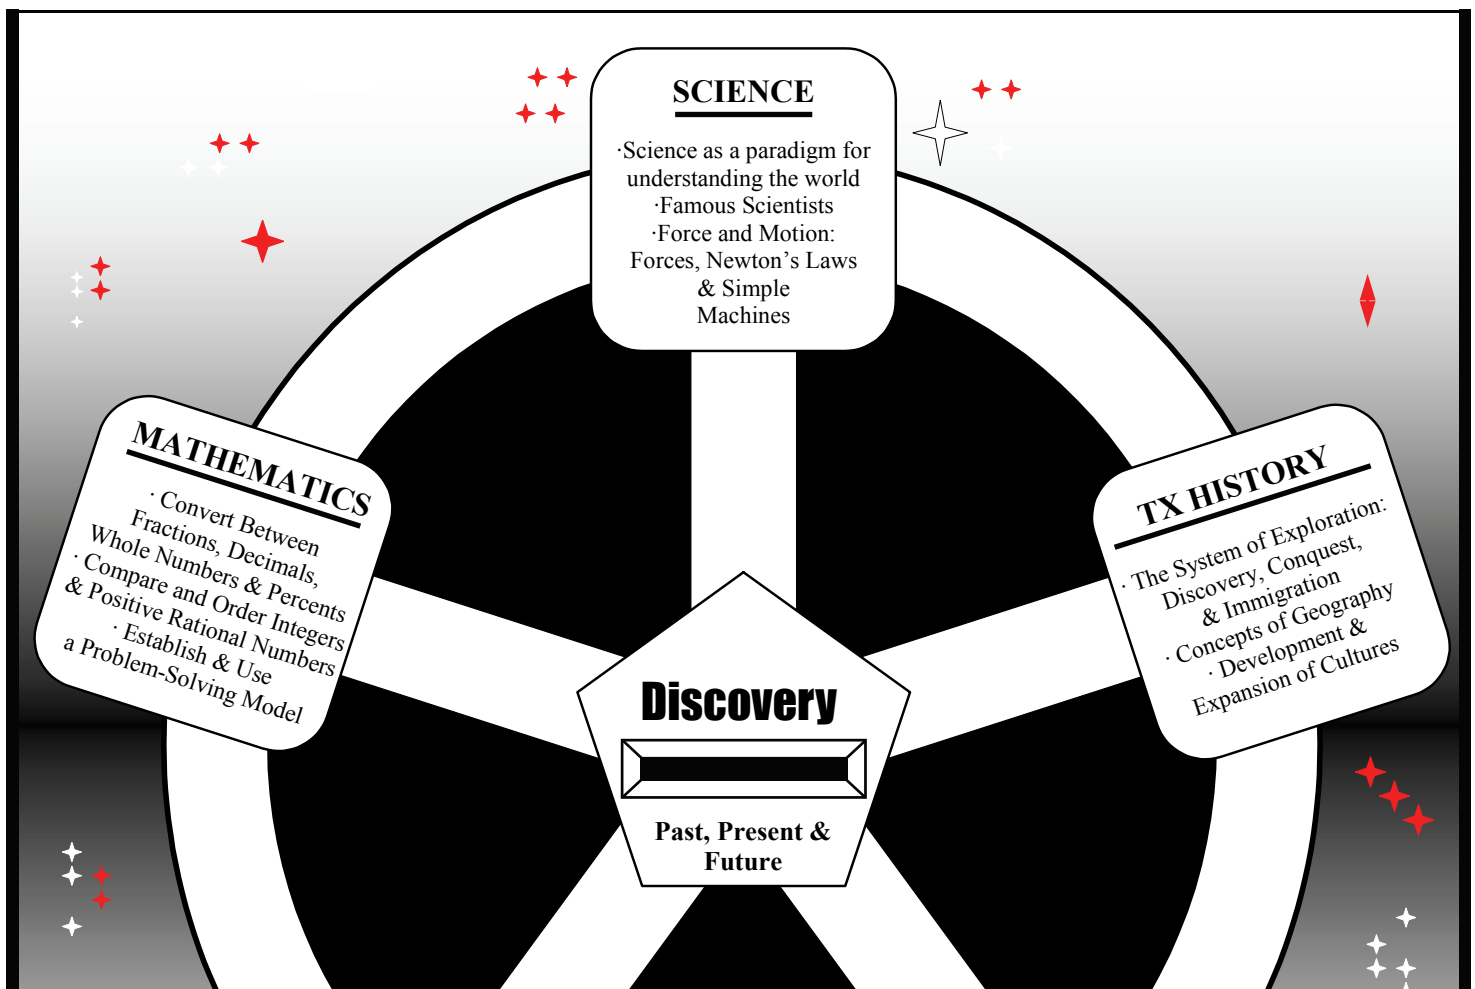

Unit Overview:

Discovery involves collecting information and analyzing it for future applications. Information is only valuable if you know how to use it. Team 7K will be studying different ways of collecting, shaping, and utilizing information as students complete individual research projects and then create a large scale timeline and participate in a famous scientist symposium.

Discovery:

- Can be positive or negative
- Can be public or private
- Can be accidental or intentional
