

Dear NESA parents,

Welcome to NESA's 15th year! As president of NESA pARTners, the booster organization for NESA, I am proud to share with you what we do and what we accomplished this past year. pARTners is the parent volunteer group that is tied directly to the NESA program. Through your membership dues, fundraising and outstanding volunteerism, we are able to support events such as College Night, the only Fine Arts College Fair in South Texas, where we host over twenty of the best Fine Arts Colleges in the nation. We assist in every NESA production in areas such as box office, backstage support, costumes, pre-show meals, flowers and concessions. Last year we provided over \$10,000 in student enrichment scholarships through SAEF, awarded \$3500 in senior scholarships and granted \$1500 in teacher wish lists. At the end of the year we hosted the NESA Banquet, a celebration honoring our amazing seniors - who earned over \$7.5 million in college scholarship offers!

This year our focus will be celebrating NESA's 15th Anniversary year, increasing our SAEF Fund and continuing to support our students, teachers and school. Our goal is to reach every parent and alumni. We encourage all parents to register on the *nesapartners.com* webpage, attend our meetings and events, and join us as we continue our tradition of contributing to the success of our amazing school. I look forward to working with you to make our 15th Anniversary year outstanding!

Sincerely,  
Maree Longoria  
President, NESA pARTners
