

Success in school tomorrow begins with Huntington today!

Huntington Learning Center is the oldest and most respected supplemental education provider in the nation. Founded in 1977 by Dr. Raymond J. and Eileen Huntington, Huntington Learning Center has a history of providing educational solutions to help students of all ages achieve academic success.

Year after year we continue to offer children supplemental instruction in reading, writing, mathematics, study skills, phonics, and related areas as well as SAT/ACT and PSAT exam preparation. The positive encouragement of our staff and certified teachers combined with individualized instruction based on our diagnostic testing, is what we believe sets us apart and continues to make our program a success.

We treat every child as an individual.

We identify each child's specific academic problem.

We tailor an individualized program.

Our certified teachers help your child succeed in school and beyond. Let Huntington help your child overcome frustrations associated with school, while building skills, confidence and motivation!

Call us to schedule a diagnostic evaluation.
