

Office of the
Superintendent

North East Independent School District

8961 TESORO DRIVE - SAN ANTONIO, TEXAS 78217

April 9, 2008

Dear Parent,

Due to a very full agenda for the meeting of the Board of Trustees on April 14, I have decided to defer consideration of a possible future realignment of the Tejeda Middle School/Bush Middle school attendance boundary by the Board of Trustees until April 28, 2008.

The particulars of my recommendation are:

- Rezone the current Tejeda attendance area west of US 281 (Mountain Lodge, Mountain Lodge Villas, Northwind Estates, The Oaklands, Summer Glen, and Tuscan Heights) effective Fall 2010.
- Allow any students in this area to apply for a voluntary transfer from Tejeda to Bush at any time during the transition period between Fall 2008 and the boundary change in Fall 2010. Forms will be available at Tejeda and Roan Forest following board action.
- Offer transportation from this area to both Tejeda and Bush during this transition period.
- Allow any student who begins their middle school career at either school during the transition period to finish at that same school. This does not extend grandfathering privileges to younger siblings.

If you have any questions regarding this proposed boundary change, please email them to: boundaries@neisd.net; or telephone Tony Athens, Director of Planning, at 804-7088.

Sincerely,

Richard A. Middleton
Superintendent of Schools
