COMMITMENT

We understand that acceptance into the S.T.E.M. Academy involves a commitment from both parents and students. Student commitment includes service to the school and community, adherence to all campus and district policies, and active participation in S.T.E.M. courses. Students will be expected to participate in service projects and volunteer to improve their community. Parents will be expected to be an active partner in their child's education and will be asked to help with a variety of projects and activities.

Another requirement is the acceptance of the NEISD transportation contract. Transportation will be provided for NEISD students from their home campus. NEISD students living outside the Lee attendance area must make transportation arrangements to their home school in order to catch the shuttle to Lee High School.

We further understand that, as a school of choice, continued or serious violation of this commitment, or district and campus policies could result in the student's departure from the S.T.E.M. Academy.

The S.T.E.M. Academy will be an academically rigorous small school and students will be expected to contribute and be prepared. Students with academic problems will be expected to take full advantage of available support mechanisms.

Students that are not on grade level, or that fail S.T.E.M. classes may not be invited back to the academy.
