**Student Self-Screening based on
NEISD back to School Plan for Parents**

Dear Parent/Guardian,

We respectfully ask that you screen your child for COVID-19 symptoms each day prior to sending him or her to school. We need your cooperation in not sending them to school if they present any of the following symptoms:

- Cough, Congestion, Runny Nose
- Sore Throat
- Nausea/Vomiting
- Loss of taste or smell
- Chills
- Diarrhea
- Shortness of breath
- Feeling feverish or temperature greater than or equal to 100.0 degrees Fahrenheit
- Muscle Pain
- Headache
- Know close contact in the last 14 days with a person who has COVID-19

Please be aware that your student can still participate through virtual learning and not be counted absent for that day.

Teachers will monitor students throughout the day and refer the student to the nurse if symptoms are present. The nurse will provide a clinical assessment to determine when a student needs to be sent home. Any student that shows COVID-19 symptoms will be removed from the classroom and isolated in the nurse's office, or a separate holding area, until the student can be picked up by a parent/guardian or designated emergency contact(s). Students should be picked up within 30 minutes from the time the campus contacts the parent/guardian.

Our goal is to protect our children and staff members from contracting COVID-19. We thank you in advance for your attention to this very important matter. Please contact our school nurse if you have any questions.

Kimberly McVay BSN, RN
School Nurse
