

Word Families

Use our Hunks and Chunks from this week and create 5 **new** words using the following patterns:

"all"

Then write a sentence using each of your new words. You should have 5 sentences when you are finished.

PTA Reflections Contest

Create an original piece of artwork to go with the theme "Look Within"

Submit artwork to the PTA drop box by Oct. 25th.

For official rules and info, visit <https://www.txpta.org/reflections>

Math

Solve this problem

Sammy wants to buy a sticker for 50 cents. He has 3 dimes and 4 nickels. Does he have enough money to buy the sticker?

Can you think of another way he could make 50 cents
Please draw and label the values of your coins.

Math

Using dice or number cards (0-9), create a **3 digit number**. Then write the numbers that are **100 less and 100 more** than your original number.

ex: **456**: 356 & 556

*Do this 10 times and record all of your numbers.

Story Elements

Read a short story.
Use strategies that we have worked on to identify the story elements. (setting, characters, problem, solution)

Put these elements in a logical order to retell the story.

Read 20 minutes every day & record in the reading log in your agenda.

ABC Order

Write your new Words of the Week in **ABC order**.

place, name, take, paid, way, say, today, rain, wait, they

Then use each word in a sentence. Check for capitalization & punctuation marks!

This week's words sound like long a. Can you make up some words that follow the same patterns?

ai like in rain
ay like in play

Think of 5 or more words for each pattern.

Story Writing

Write a personal experience that has a beginning, middle and end. Include "dialogue" in your short story. Make your characters "come alive". Try to fill at least 1 page of writing. Use all of your writing strategies. Check for mistakes "edit"

Science/Technology

Locate magnets used around your home. Take pictures and explain how they are used to help in daily life. You may create a PPT, movie, or slide presentation. Please email to your teacher to share your findings.
