Student To-Do List – AP Registration

Students should prepare for their 2021-2022 AP courses and exams by completing the following:

- Visit <https://apstudent.collegeboard.org> to learn more about AP courses and exams.
- Create a College Board account if they do not have one already. Students will need their username and password when their AP classes begin in the fall.
- Students can call AP Services for Students Help Line at 1-888-225-5427 or 1-212-632-1780 if they already have an account but cannot remember their password or if they need to reconcile multiple College Board accounts.

Fall 2021

Teachers will give students a *join code* for each of their AP courses. Students will use their College Board username and password and *join code* to enroll in their class section.

Since exams are ordered for specific students, and labels will be printed according to student registration rosters, there will be **no stand-by testing** opportunities. ***Remember, when you register for an exam, enter your NEISD Student ID# and your name as it appears in Skyward.***

- Students should receive their join codes within the first three weeks of school to access AP resources in AP classroom. Students should contact their teacher if they have not received their join code.
- **October 1st** is the fall registration deadline for AP exams (completed in AP classroom)
- **November 3rd** is the payment deadline for 2022 AP exams (completed by credit card through Skyward Student Portal or by cash through the Counseling/CCMR Specialist Office)
