

HSA BANK INSIDER

V.7

**ENGAGE. ENRICH.
EMPOWER.**

Introducing the New hsabank.com *A simpler design for a better experience.*

In an effort to provide you with an improved online experience and give you more of the resources you need to support your program, we are excited to announce the launch of an all-new hsabank.com. The clean, simpler design makes it easier to access videos, calculators and so much more.

End-of-Year Checklist
Are you prepared for the new year?

Now is the time to make sure your user profile is up-to-date. Doing so can help prevent delays in receiving your tax documents. You can also easily add a beneficiary or update your current designation while you're in your user profile. Please see our End-of-Year Reminders flyer for these and other details.

Employer Tip
When can your employees expect 2017 tax documents?

Are your employees starting to ask about their 2017 tax documents? HSA Bank will issue the 1099-SA to members in January 2018 – either by mail or through the Member Website, depending on employees' selected delivery preference. The 5498-SA will be issued in May 2018.

Note: In early 2018, we'll be sharing helpful tax tips and reminders with your employees.

Mobile Payments from HSA Bank

Apple Pay and Samsung Pay now available.

Mobile payments from HSA Bank makes it easy for your employees to pay for IRS-qualified medical expenses almost anywhere they can swipe or tap to pay, and their full card number is never shared with merchants. It's safe, secure, and easy to use - just hold the mobile device in front of the card reader and authorize the payment with a single touch.
