

Name: _____

Plate Tectonics

Define the following terms: <http://cse.ssl.berkeley.edu/lessons/indiv/coe/vocabulary.html>

Collision Fault: _____

Converging boundary: _____

Continental drift: _____

Convection: _____

Diverging boundary: _____

Epicenter: _____

Focus: _____

Lithosphere: _____

Magma: _____

Mid-ocean Ridge: _____

Normal Fault: _____

Pangaea: _____

Plate: _____

Plate tectonics: _____

Reverse fault: _____

Richter scale: _____

Rift: _____

Seafloor spreading: _____

Seismic wave: _____

Seismograph: _____

Strike-slip fault: _____

Subduction: _____

Transform Fault: _____

Volcano: _____
