PARENTAL INVOLVEMENT

August 2018

Dear Parents/Guardians:

Another school year is beginning, and everyone at Jackson-Keller Elementary is excited to work with you. Active parental participation in a student's education is essential for the student to be successful. To assist all of us as we strive to work together, the 2018-2019 Campus Improvement Council (CIC), which is made up of parents, business representatives, and teachers, developed a School-Parent-Student Compact Form. The compact explains how parents, school staff, and the student share responsibility for the academic and social/emotional success.

Jackson-Keller Elementary is part of a Federal Program. The Title I Program is a program that implemented in areas having the highest concentration of children from low-income families. The program is determined by the number of students qualifying for free and reduced lunch. Title I has been and remains an educational program which is designed to meet the unique educational needs of students who have not had the opportunities other students have had. Title I funds shall be used to meet the following school and district goals:

- ensuring high standards for **all** children
- providing enriched, accelerated instruction
- promoting school-wide reform
- coordinating services
- affording parents opportunities to participate in the education of their child at home and school; and
- distributing resources in amounts sufficient to make a difference in areas where needs are greatest

The faculty and staff would like to invite parents/guardians of all the children who participate in our Title I programs to attend meetings held throughout the school year. There will be numerous opportunities for you to visit the campus: PTA meetings, Open House, Title I Parent/Guardian Conferences, Family Nights, Awards Assemblies, Fine Arts presentations, etc.

All types of information related to student achievement, school performance, school and parent/guardian programs, and other opportunities for participation are sent home via flyers or posted on social media. Standard information mailed or sent home with the student include: this Compact Letter, our Campus Plan, the NEISD calendar, report cards, progress reports, PTA Newsletter, Team Newsletters, and other important parent/guardian information.

We are looking forward to working with you this year. We feel that our Title I Program combined with the current curriculum and the expertise of our dedicated teachers will give us a successful school year. Please know that we are here to support you and your child.

Sincerely,

Anna Nicolai
Principal
