

Hello Twolves!

We will be instituting distance learning beginning on Monday, March 23. I will be using GOOGLE CLASSROOM to assign activities. The code for each classroom is located under the heading MY SCHEDULE and listed for each class.

Below is a link to get to the GOOGLE CLASSROOM.

<https://classroom.google.com/h>

Tutoring will be available if you need help. See the information under my schedule.

The learning target for the lessons for March through April will be sectionalism and how it causes division in our country. We will look at attempts to heal the division and analyze the specifics of each compromise as the country moves towards the Civil War.
