

Art Supply Fee (this is new)

This year, our NEISD visual arts director is encouraging all art teachers to charge an art supply fee, rather than provide art kits or extensive supply lists. Our **Tejeda art fee will be \$20 per art student** and you will be able to pay that through a school pay program. The link will be posted on the stream page in Google Classroom. The art fee will allow us to purchase quality supplies in bulk, thus lowering the cost. It will also be less work for you, searching for and purchasing a long list of items.

Supply List

There still are a few basics that we need each student to bring:

- A sketchbook, **9X12"** (Ordering online will get it here in plenty of time and the nearby stores will probably run out this time of year.) It doesn't have to be these brands, but something like these will work well: [Canson Drawing Paper Sketch](#) or [Strathmore Drawing Sketchbook](#) This one has higher quality drawing paper, [Canson Mixed Media Sketch](#)
- # 2 Wooden Pencils (I'm not going to put a set amount on this but it's really nice when they can have a box of a dozen or so pencils that they can leave in their art bin in the classroom.)
- Hand held pencil sharpener
- A large pink or white eraser. (The erasers on the ends of pencils don't last very long).
- **For Art 2 and HS Art 1** - a set of drawing pencils. (They **don't** have to be Faber-Castell. I've gotten sets at Walmart that work just fine.) Art 1 students are welcome to get these too if they'd like. The softer pencil leads in the set will allow for richer values in their drawings. [Faber-Castell Graphite Pencil Set](#)

Optional Supplies

If students do not wish to share supplies such as:

Scissors

Rulers

Tape

Glue

Crayons

Markers

Color pencils

Paint brushes,

they are welcome to bring their own and store them in their art bins in the classroom. Otherwise we will be able to share class sets of these items.
