Parent Portal and Seesaw <https://web.seesaw.me/parents/>

Kathy Hurlbert, Instructional Technology Specialist will teach us how to stay connected and engaged with our child's work in the classroom digitally with Seesaw APP.

Seesaw is Student driven digital portfolios and a simple parent communication.

It is a simple way for teachers and students to record and share what's happening in the classroom. Seesaw gives students a place to document their learning, be creative and learn how to use technology. Each student gets their own journal and will add things to it, like photos, videos, drawings, or notes.

“We only get one chance to prepare children for a world none of us can possibly predict, what are we going to do with that one chance?”
