College Visitation Verification

State Law currently permits a student, classified as a junior or senior, to be excused from attending school to visit an institution of higher education (IHE) accredited by a generally recognized accrediting organization for the purpose of determining the students interest in attending the IHE. The student may be excused a total of not more than two (2) days each year for this purpose.

The law requires a verification of the student's visitation to the IHE. This form must be completed, signed, and dated by an appropriate official from the IHE visited by the student. The completed form must be submitted to the student's high school following the visit. Incomplete forms, including the dates of the visitation or the signature of the school official, will result in the student receiving unexcused absences for the days of the visitation.
